Dear Mr. Pham,

We are processing your FOIA request identified above. In the FOIA, you sought the Regional Administrator's calendar, which we will be providing you in PDF format (with redactions as appropriate).

We will not be providing the underlying entry for each calendar item, however. If you would like the underlying entries for each calendar event, that would likely require an extension of time for us to complete the FOIA request, as it would be a much more expansive scope in terms of the number of pages to review and produce. If you meant for the underlying calendar entries to be responsive to your FOIA request, please clarify this and call me at your earliest convenience to further the amount of time needed to respond to the FOIA. Alternatively, you could seek copies of those more detailed entries once you have received and reviewed the calendar.

Thank you for your attention to this and please confirm the acceptability of this approach.
